Dear B.J.,

It was a pleasure visiting with you over the phone this morning and I hope that this letter finds you well.

We have noticed that we have had several of your planes in and out of our airport lately and after reading about your company, we wanted to let you know that we think it is a great ministry that you are doing.

We are a small, locally-owned FBO located at the Mena Intermountain Airport located on the west-central part of Arkansas. We are a full-service FBO able to fully service all of your fueling needs as well as 24 hour security, hangar service, certified mechanic on duty, courtesy cars and a staff ready to serve you however you need.

In light of the fact that you are a company where many of your people are volunteering their time and their professional skills on behalf of those in need of medical transportation, we would like to share in your vision by offering a discount on the fuel that you purchase from us. We would like to offer you the discount of .15 a gallon with the hopes that as the economic climate improves, that discount could be more significant.

Thank you for your business, both past and future, and we look forward to serving you on your next flight to Mena!
